Dara frame part layout

Front view of the frame sections with their Bambu Studio plate numbers

TOP remains at the top of all assembly maps. Not a full-size template.

Part	Plate	Qty
F1	01	1
F2	02	1
F3	03	1
F4	04	1
F5	05	1
F6	06	1
F7	07	1
F8	08	1
F9	09	1
F10	10	1
F11	11	1
F12	12	1
F13	13	1
F14	14	1
F15	15	1
F16	16	1
F17	17	1
F18	18	1
F19	19	1
F20	20	1

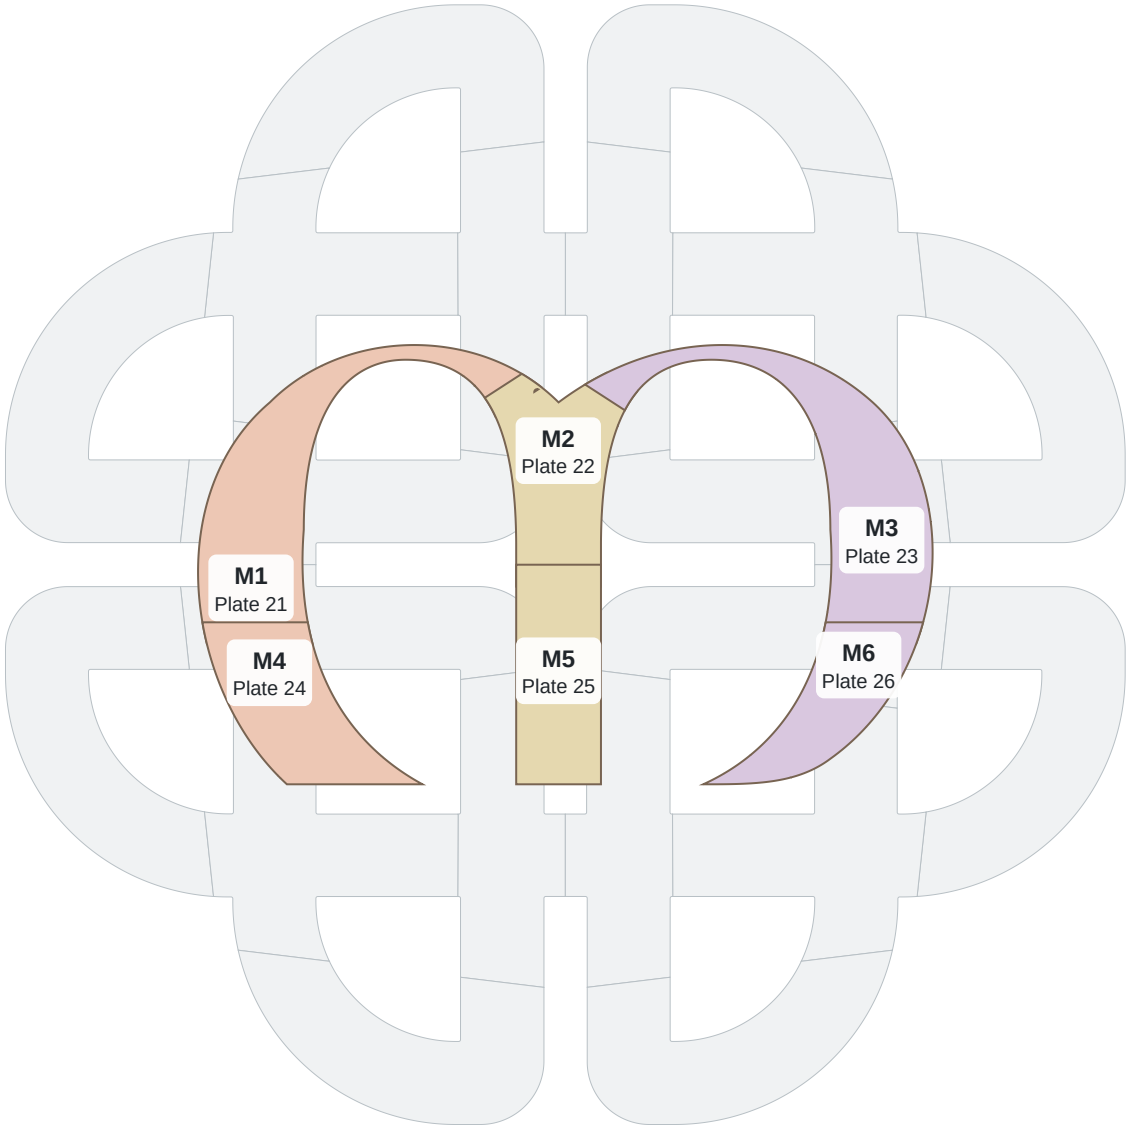

32 seams, each 67.3-75.1 mm long.

20 frame sections. Width: 914.4 mm.

Part F number matches its plate number.

Dara letter part layout

Front view of the six M sections over the frame outline

Same front-view orientation as page 1.

Part	Plate	Qty
M1	21	1
M2	22	1
M3	23	1
M4	24	1
M5	25	1
M6	26	1

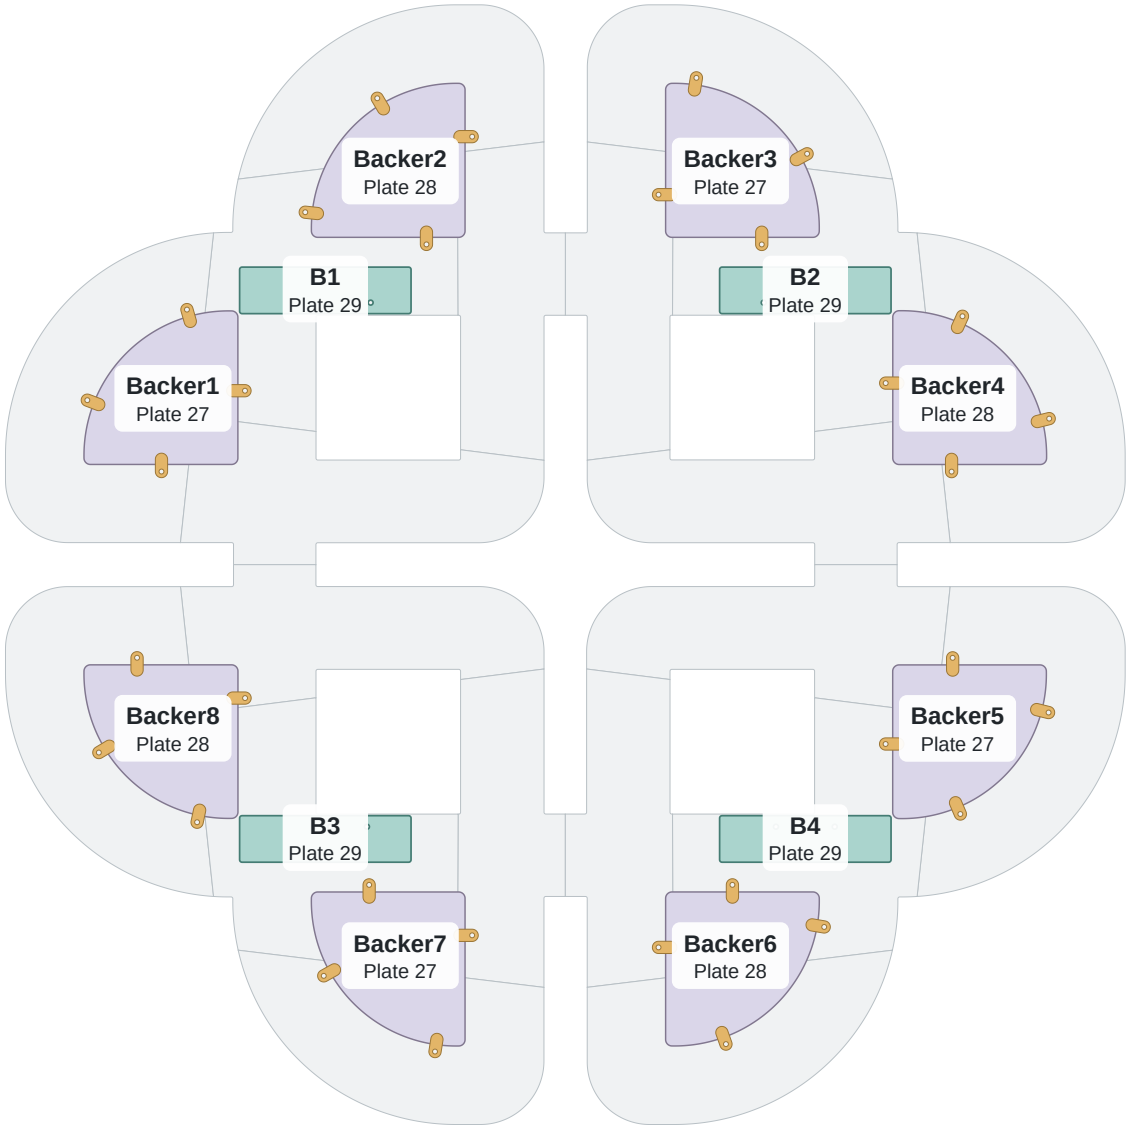

How to use the map

Use the current hammered M meshes.
M1/M3/M6 have revised rear holes.
Assembly: M2, M4, M6, M1, M3, M5.

Five copper covers print on plate 31:
Band1 upper right; Band2 upper left;
Band3 lower left; Band4 lower right;
Band5 center stem.

Dara backers and wall blocks

Rear components shown in front-view alignment so left and right match the other maps

This is a front-view location guide, not a mirrored view of the rear.

Part	Plate	Qty
Backer1	27	1
Backer2	28	1
Backer3	27	1
Backer4	28	1
Backer5	27	1
Backer6	28	1
Backer7	27	1
Backer8	28	1
B1	29	1
B2	29	1
B3	29	1
B4	29	1
Retainer	29	32

Wall block locations

B1 on F3 B2 on F5
B3 on F16 B4 on F18

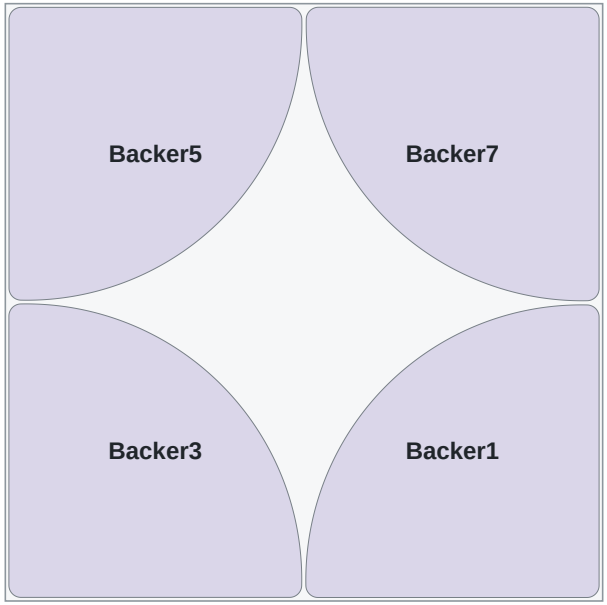

Gold tabs are the 32 Retainer copies. Use four for each photo backer.

All wall blocks and retainers print on Plate 29. Screws and washers are purchased hardware.

Shared print plate layouts

Top views of the A1 beds in the saved project with each distinct part identified

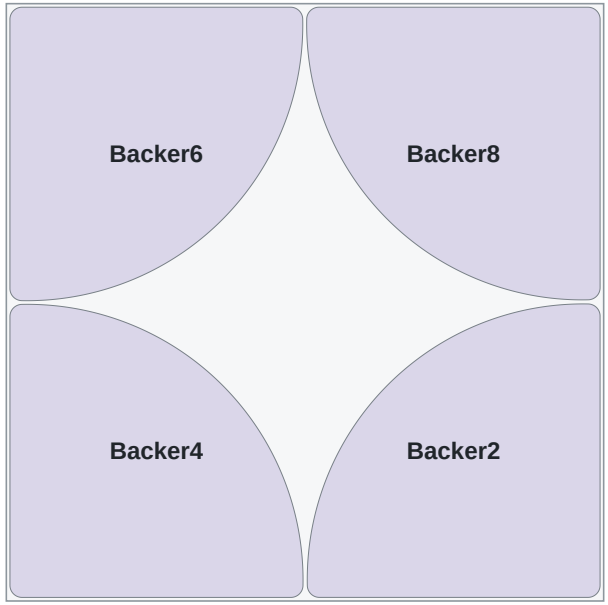

Plate 27

256 x 256 mm bed | top view

Four backers, one of each shown

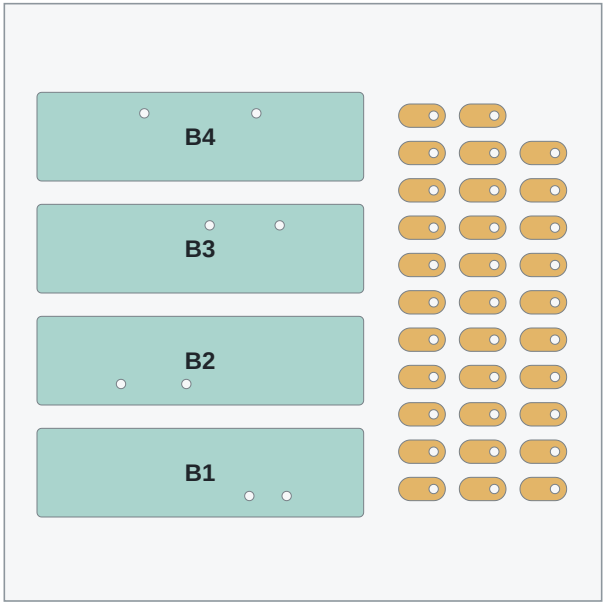

Plate 28

256 x 256 mm bed | top view

Four backers, one of each shown

Plate 29

256 x 256 mm bed | top view

B1-B4 plus 32 Retainer copies

Project settings

Bambu Lab A1 | 0.4 mm nozzle | PLA | 0.2 mm layers

4 wall loops | 15% gyroid infill | Local 100% infill at screw and mounting points

Frame assembly order - lower sockets onto previously placed tongues:

F1, F2, F6, F8, F13, F15, F19, F20, F11, F12

F9, F16, F10, F18, F3, F14, F5, F7, F17, F4

Plate 30: finish sample. Plate 31: five copper covers. Plate 32: unchanged lap-profile glue practice pair.
